initials of the persons to whom they told their lies We tried to create conditions that would encourage participants to tell us all of their lies For example, we asked them not to include their names on any of their materials Instead, we collated the materials using ...

Lies a Part of Human Nature - Heads Up English

Lies a Part of Human Nature Believe it or not: The average ten minute conversation between two acquaintances will result in several lies per person It's science not cynicism that provides such a statement And the fact that everyone lies every day points to the conclusion that untruths are an indivisible part of human nature

Lies a Part of Human Nature - Heads Up English

Lies a Part of Human Nature Everyone lies In fact, research shows that in the average ten-minute conversation, two acquaintances will lie several times The reason? The mixed messages everyone receives as children might be one reason Although we are told never to lie, we see our parents lie about Santa Claus or the death of a pet Parents say
